19 Plaintiff has filed a motion for preliminary approval of a class action settlement. [Docket  
20 No. 113.] Following a hearing on the matter, Plaintiff submitted supplemental information in

23 than October 16, 2013, addressing errors in Plaintiff's previous submissions, including errors in the  
24 parties' amended settlement agreement. [Docket No. 124.] On October 21, 2013, five days past the  
25 deadline, Plaintiff filed the requested information, including a revised amended settlement  
26 agreement. [Docket Nos. 125, 125-1 (Revised Agreement).] However, the revised settlement
